The Honorable Terence C. Golden  
Administrator  
General Services Administration  
Washington, D.C. 20405

Dear Mr. Golden:

Thank you for your response, dated July 11, 1986, regarding our critical requirement for warehouse space. Given the pressing deadlines imposed on us by Congress, we are currently exploring alternatives to meet this urgent need.

STAT

The possibility of obtaining space in GSA's [redacted] facility in fiscal year 1988 represents an attractive prospect to meet our long-term needs. We intend to pursue that approach with appropriate GSA personnel during the next few months.

Again, thank you for your efforts on our behalf.

Sincerely,

/s/ William F. Donnelly

Dear Mr. Donnelly:

Thank you for your letter of June 16, 1986, concerning the assistance you have solicited from us in obtaining warehouse space to meet your urgent requirement.

I have discussed this issue in great detail with Mr. William F. Madison, Regional Administrator, National Capital Region, as well as the Commissioners of the Federal Supply and Public Buildings Services.

STAT Earlier, we had considered partially vacating the [redacted] facility. However, the continuance of our supply and services programs dictates a requirement for the entire facility through the second quarter of fiscal year 1988. I would agree to review this issue with respect to your agency's long-term needs as March 1988 is approached. For the present, I cannot offer you any relief at that facility until then.

STAT As to your agency's earlier communications with Mr. Madison concerning the more immediate requirement of [redacted] square feet, we stand willing to acquire or lease space for the Central Intelligence Agency elsewhere as soon as Congressional approval has been obtained. We have a program justification sufficient for our needs. However, in order to finalize the prospectus package, we require a detailed statement outlining the derivation of the [redacted] square foot figure.

STAT

Please contact Mr. Madison on 472-1100 if you require further information.

Sincerely,

  
Terence C. Golden
